

meet the school counselor

Molly Webster
Bruce Elementary School

a little about me

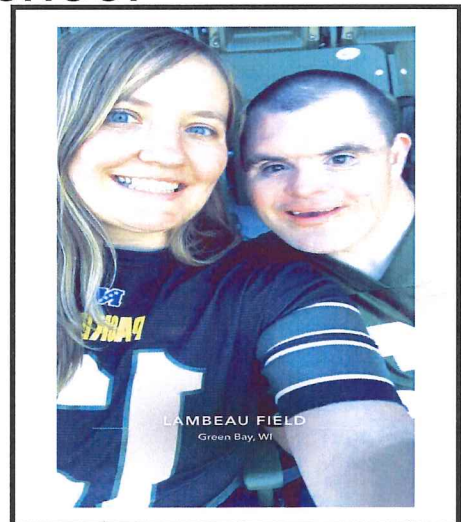

I grew up in Lake Holcombe, Wisconsin and recently bought a house right here in Bruce! In my free time I enjoy fishing with my family, thrift saling, and playing softball. I am also the middle school and high school Spanish teacher here at Bruce.

My contact info:

mwebster@bruce.k12.wi.us

715-828-2585 ext. 281

My role as an elementary guidance counselor is to give students the tools and resources that they need to be successful academically, as well as achieve social and emotional well-being. When working with students, I help them set goals for academic success. Some of the things I work on with elementary students include improving social skills, classroom behavior, helping them express and understand their feelings, as well as helping them increase their self-esteem and self-confidence. I also work through personal problems that may affect their academics or relationships. Please reach out to me if you feel your child could benefit from talking to a counselor.
